

# INTERACTIVE SYSTEM SIZING

PV Module Rated DC Power Output	<input type="text"/>	W
Manufacturer Power Guarantee	<input type="text"/>	
Number of Modules in Array	<input type="text"/>	
Array Guaranteed Power Output		W
Array Average Operating Temperature	<input type="text"/>	°C
Temperature Coefficient for Voltage	<input type="text"/>	/°C
Temperature-Corrected Array Power Output		W
Array Wiring and Mismatch Losses	<input type="text"/>	
Net Array Power Output		W
Inverter Maximum DC Power Rating	<input type="text"/>	W
Inverter Power Conversion Efficiency	<input type="text"/>	
Inverter MPPT Efficiency	<input type="text"/>	
Inverter Maximum AC Power Output		W
Average Daily Insolation	<input type="text"/>	PSH/day
Average Daily Energy Production		Wh/day
		kWh/day
